One of the world's best

## RESIDENCY TRAINING PROGRAM

### UROLOGY

The Residency Training Program accepts one or two per year. This program provides a well-rounded clinical experience that will expose residents to all aspects of urology. Residents are trained to become proficient in endourology, laparoscopic urology, neurourology, sexual dysfunction, the evaluation and treatment of incontinence, among others.

### FAST FACTS:

1. Average number of Residents per year: 2
2. Passing Rate for the past three years: 100%
3. Training Committee:
  - Institute Director - Marcelino L. Morales, Jr. M.D.
  - Training Officers - Buenaventura Jose Reyes  
Saturnino Luna Jr.
4. Clinical/Specialty Rotations: All rotations are in St. Luke's Medical Center.
